

Extended Learning Opportunities Year 1 Autumn Term 2016

Below are some ideas of websites and places to visit that will help your child extend their learning

Useful websites

www.woodlandtrust/naturedetectives. Lots of ideas and information about the natural world, including things to make and do related to Autumn.

www.eatwell.gov.uk/healthydiet/eatwellplate/ Information about food groups and eating a balanced diet.

www.BBC.co.uk/schools/websites/4-11. This site has a whole range of activities and games for different areas of interest including maths, literacy, science and art.

www.disney.co.uk/winniehepooh This site is full of exciting games and activities linked to this famous bear who celebrates his 90th anniversary in October.

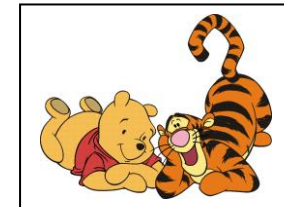

Local places to visit

Horsham Museum – lots to learn about the local area and famous local people

Supermarkets - Look at where the fruit and vegetables come from.

The Local Library – full of interesting books both to read and to do research with.

Go for a walk – look out for the signs of Autumn

Day trips

The Natural History Museum in London

A zoo to see just how big or small real bears really are. Some are endangered find out why.

Relatives houses – to talk about when their teddies

Brighton Toy and Model Museum – lots to see dating back to 1750 including teddy bears
