20<sup>th</sup> April 2018

Dear Parents and Carers,

As the weather becomes warmer, there will be days when the children need to wear sun cream.

Reception children find it very difficult to apply their own sun cream effectively. From experience, **we recommend that it is best to apply the sun cream thoroughly in the morning and it will last all day.** Many brands of 'one application sun cream' are water resistant and will last all day.

However, if you are still concerned and would like your child to re-apply sun cream at lunchtime, please see your child's teacher.

In addition to this, **please make sure your child has a named sun hat in school every day.**

Kind regards,

The Early Years Team.
