High Five Netball Tournament – Wednesday 4th November 2015

On Wednesday a group of eight Year 6 boys and girls played their first matches in the High Five Netball tournament at Collyer's in Horsham.

For some of the children it was their first time representing the school in netball and the whole team were amazing. Their first match was against Leechpool and saw some superb goals from Luke Pullen. They won this match 5 – 0 and showed great speed and accuracy in their passing and shooting. Their second game was against Northolmes and by half time they were 4 – 0 down, however they did not let this dampen their spirits and, with the help of some accurate shooting from Harry Wingate, they won the match beating Northolmes 7 – 4. They are now top of their division!

With this success we are thoroughly looking forward to the next round at the beginning of December.
