Girls Football League Tournament – Friday 27th November 2015

Meeting 2 of the Horsham Primary School Girls Football League saw teams stranded out into ability-based divisions and a number of close games ensued as a result. In Division A no team went unbeaten although with four wins out of their five games Shelley Primary achieved top position. Only second placed Steyning managed to thwart them in a match decided by a single goal. Steyning would have matched Shelley's points total but for being held to a goalless draw by Southwater A, a team whose mixed results attained them third spot just above Greenway, another unpredictable side who are brilliant at their best but vulnerable at their worst. Southwater B and Castelwood were competitive and gained some points from draws but finished in the bottom two relegation spots so they can look forward to some easier matches in this week's final meeting. North Holmes turned on the style in Division B racking up 12 goals without reply on their way to accumulating a full house of five wins although nearest rivals Billingshurst were obstinate in a game that finished 1-0. Billingshurst took the second promotion spot by virtue of superior goal difference over Southwater C. When the two actually met they could not be split, fighting out a 0-0 draw. Indeed there were plenty of draws and the less experienced teams at the bottom – Greenway B and Kingslea A and B – shared the bulk of them to put some welcome points against their name despite their lowly positions. Important thing for all the players and teams on show is that they are improving, learning and having fun. Bring on this week's third and final meeting on the Tanbridge Astro Turf when the league will be decided.
