The football season started with league tournaments spread over two evenings. Entering three teams caused a few logistical problems but meant that a wide range of children could represent the school. All the teams played enthusiastically, showing good sportsmanship and, yet again, were a credit to the school.

The C team competed in the smaller school league making steady progress, picking up points as they gained more experience, with more games. Paul threw everything in the way to keep the opposition at bay in goal - even when a power shot bent his wrist back! Overall the team came in 9<sup>th</sup> place in their league. The B team were third in the third division, with goals coming from Josh and Callum. As the competition progressed they again improved match by match, showing great potential for future games.

The A team were runners up in the 2<sup>nd</sup> division and should be very proud of the way they played, including a 5 nil win over Leechpool, with goals coming from all over the pitch from a variety of the squad.

Thanks to Mrs McMillan, Mrs York, Mr Higham and Mrs Pullen who helped out running the teams over the two evenings.
